

## Become a Member

At Kline Galland, we provide the highest quality senior care to our community every day, in every way, for every one. Kline Galland has been here for our community for over a century. And together with our donors, we're creating a shared legacy for our loved ones today, and for the next generation of care.

## Create Your Own Legacy of Caring

Every year, \$3 million is needed to fund Kline Galland's Margin of Excellence, bridging the gap between what it costs to provide the highest quality programs and services and what we receive through Medicaid. Health care

reimbursements decline each year, as care becomes more costly for a senior population projected to grow dramatically over the next 15 years. Our Margin of Excellence, Kline Galland's guarantee in providing exceptional care

to every senior in our continuum, is made possible because of donors. Regardless of the size of your bequest, your contribution will make a significant difference in bringing the priceless gifts of care, respect, and spiritual nurturing to our elderly.

## The Caroline Legacy Society

By making a bequest or planned gift, you help ensure we can honor our commitment to caring for seniors and their families, no matter what new changes or challenges we face in the future.

## Benefits of Membership

As recognition of this critical support, all members of the Caroline Legacy Society will be invited to an annual recognition reception, a distinguished speaker series, and will have their name permanently added to our legacy donor wall to inspire others who come through our doors. Gifts of \$100,000 or more will be prominently displayed in our new multimedia donor recognition display.
